Writ Petition filed under Article 226 of the Constitution of India praying for issuance of a Writ of mandamus directing the 4th respondent University to rectify the website correctly showing the intake/sanctioned strength as 100 instead of 50 in so far as the petitioner college (Dr.Hahneman Homoeopathy Medical College and Research Centre Koneripatty Panchayat, Rasipuram Taluk, Namakkal District) and pay damages.

ORDER

The petitioner was given permission earlier by the respondents for intake of 50 students for the course of Homoeopathy Medicine. It was increased to 100. The said decision was made with effect from the year 2002 onwards. As there was a move to reduce the intake once again to 50, the order passed to that effect was challenged in the Writ Petition in W.P.Wo..12662 of 2013. This Court by order dated 23.07.2013 held as follows:

"Result:

14. In the result, the impugned orders are queshed. The University is directed to pass a consequential order restoring the original intake of 100 students with effect from the academic year 2002-2003."

The said order has been given effect to by the respondents by maintaining the intake of students at the sanctioned strength of 100. The cause of action for the present Writ Petition is that though the documents of the respondent nos.1 & 2 indicate that the sanctioned strength is 100, the website of the respondent no.4 shows it as 50. As counselling is going on, the petitioner has rushed to this Court seeking the prayer aforesaid.

2. While the facts as narrated are not in dispute, the learned counsel appearing for the respondent no.4 submitted that a clarification has been sought for from the respondent no.1 about the intake pertaining to the petitioner College for the academic year 2015-2016 by letter dated 21.09.2015. The respondent no.1 replied on 21.10.2015 stating that the seat matrix as prevailing in 2014-2015 would continue and steps have been taken to file Writ Appeals as against the order of the learned Single Judge of this Court. Construing the said letter as one to restrict the seats to 50, the respondent no.4 has shown the same in website as such. A perusal of the letter dated 21.10.2015 clearly indicates that the seat matrix as prevailed in 2014-2015 would continue and it is not as if, pursuant to the order passed by this Court, the seats sanctioned to the petitioner in 2014-2015 were 100. Thus, even as per the letter, the petitioner is entitled to fill up 100 seats. The said letter cannot overwrite the order passed by this Court. As on today, there is no order granted by the Division Bench staying the operative portion of the order passed by the learned Single Judge. The order has been given effect to in the earlier year

and the order cited supra does not restrict the intake only to one academic year.

3. Thus, looking at from any angle, the petitioner cannot be prevented from filling up the remaining 50 seats, especially, when the respondent no.4 has complied with the order passed by this Court for the academic year 2014-2015 and also in the light of the documents pertaining to the other respondents indicating the sanctioned strength at 100.

4.Accordingly, the Writ Petition is allowed. The respondent no.4 is directed to rectify the website showing the sanctioned strength for the Homoeopathy course in the petitioner College as 100 instead of 50, forthwith. The respondents 3 & 4 are directed to fill up the seats by including them in the counselling. No costs. Consequently, the connected miscellaneous petition is closed.
